iTEP Snapshot Structure

65 minutes long including registration and instructions. In each section, examinees will encounter content and questions targeted to varying levels of proficiency.

- Snapshot Plus is an efficient, accurate, and affordable English proficiency assessment. It is the perfect tool for Intensive English Programs (IEP's) which intend to measure students' English proficiency in their home country.
- Snapshot is a 60 minute Pre-Arrival test that assesses grammar, listening, reading, writing, and speaking.
- The test is aligned to CEFR and ranges from A1 to B2+ (0.0 - 4.9).
- Snapshot's Speaking and Writing sections are graded by ESL professionals in 24 hours.
- Snapshot can be purchased directly from our website.

A Grammar (Structure) — 6 minutes/ two parts

- Part 1.** Eight fill-in-the-blank, multiple-choice questions testing the examinee's familiarity with key features of English structure; questions range from beginner to advanced.
- Part 2.** Seven multiple-choice questions where the examinee selects the part of speech with incorrect English structure; questions range from elementary to advanced.

B Listening — 5 minutes/ two parts

- Part 1.** Four high-beginning to low-intermediate level short conversations of two to three sentences, each followed by one multiple-choice question.
- Part 2.** One two- to three-minute high-intermediate level conversation, followed by four multiple-choice questions.

C Reading — 15 minutes/ one part

- Part 1.** One intermediate-level passage of approximately 250 words in length, followed by four multiple-choice questions.

D Writing — 20 minutes/ one part

- Part 1.** The examinee is given twenty minutes to write a 150-175 word note (max. 200 words) on a supplied topic, geared to the low-intermediate level.

E Speaking — 5 minutes/ one part (plus one minute warm-up section)

- Part 1.** The examinee hears and reads a short question geared to low-intermediate level, then has 30 seconds to prepare a spoken response and 45 seconds to speak.
